EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant; an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Boyer on 06/05/2007.

The application has been amended as follows:

In Claim-23, Line 2, AFTER 'device,' INSERT -and—

In Claim-23, Line 2, AFTER 'transport' DELETE 'layer,' and Replace with –layer.-

In Claim-23, Line 2, AFTER, 'layer,' DELETE the contents of Lines 2-4 in its entire entity.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 2, 6-10 15-19 and 21-24 are allowed as amended. The amendment overcomes the closest prior art by Soltzing (US 2004/0074779). The newly added claim-24 was fully examined for patentability under 37 CFR 1.104. An updated search did not result in any new prior art of record. The prior art of record neither teaches nor fairly suggest an optoelectronic device comprising applicants specific layers and the structures. The examiner notes the limitations of "preferably", "in particular" and "for example" in claim-7 and finds them to be exemplary of the corresponding main groups and definite.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kallambella Vijayakumar whose telephone number is 571-272-1324. The examiner can normally be reached on 8.30-6.00 Mon-Thu, 8.30-5.00 Alt Fri.
